GERMANS KEEP UP THEIR ATTACKS

Nothing to Indicate Early Cessation of Purpose to Reach Sea.

GALES AND MUCH RAIN

Unfavorable Weather Will Increase Death List—Many Expected to Die From Exposure.

London, Nov., 14—Although the war office is optimistic as to the situation in Flanders, it is admitted today that there is nothing to indicate an early cessation of the German attack upon the line defending the coast, or even the imminence of a decisive stage in the long struggle between Ypres and the coast.

On the strength of unofficial reports from northern France, British officialdom today accepted that Dixmude had been retaken by the allies. It is realized however, that even though officially confirmed, it represents only another movement in the long line which was undulated constantly during the past three weeks

Heavy rains, accompanied by howling gales, are now sweeping the trenches from the coast and on toward the interior. In the Vosges snow is falling. The unfavorable weather, which is rapidly becoming worse, will mean a heavier death list, as care of the wounded will be more difficult and many will die from exposure.

The heavy, marshy ground in the districts which were flooded by the Belgians is clogged with bodies of the dead. Owing to the constant shell fire kept up by both sides, their burial has become a serious problem Burial parties are in danger, themselves, of being mowed down by the spraying shrapnel.

Huge holes torn in the ground by the bursting of the larger shells are being used as the graves of hundreds of fallen men. The soldiers have found that at least fifteen men or two or three horses can be buried in one of these caverns dug out by big shells.

Workmen Murdered.

Philadelphia Nov. 14—Firing from a hidden position on top of the Pennsylvania Railroad bridge which crosses Orthodox street near Trenton avenue an unidentified man shot and killed Frank Verillo 21 years old, last evening, as Verillo was about to pass under the structure on his way home from work.

As his victim sank unconscious to the pavement with blood spurting from the wounds in his neck and jaw, the assassin escaped in the darkness."

FIGHTING IN THE AIR

Eight Aeroplanes Battle in which as Many Men are Killed.

Paris, Nov. 14—A thrilling encounter in which figured eight aeroplanes, four German, two French and two British, occured in the vicinity of Ypres. The German machines were destroyed finally by artillery and the eight officers they carried were killed.

The Germans were seen approaching to reconnoiter the lines of the Allies. The French and British airships immediately ascended to meet them. For some time the aircrafts circled about each other, rising and descending while machine guns spattered bullets among them. The sky was clear and the gunners on the ground had a good view of the aeroplanes, but failed to cripple any of the German machines.

Then suddenly the four allied aeroplanes made a swift dash toward their own trenches and were followed by the Germans, who too late discovered the feint and perceived the perils of the situation only when shrapnel burst about them. In a few minutes the four German aeroplanes crashed to earth.

NEWS OF THE DAY

For almost a week it has been known to a few in London that H. M. S. Audacious, a Dreadnought built last year, had been in a collision with a mine off the north coast of Ireland. Later the news was spread that the survivors from the Dreadnought had been picked up by the White Star liner Olympic.

An amazing story is current in Copenhagen that the kaiser's son-in law, the Duke of Brunswick, who had been some weeks missing from his regiment, was recently discovered wandering, disguised, in the rear of the army, looking miserable and pracitcally starving. He was medically examined and has been placed under restraint. His condition attributed to war horrors. The kaiser is said to feel this deeply. The fact is recalled that the duke's mother, the Duchess of Cumberland, was for a long time demented.

Total assets of $61,632,257.16 and a surplus of $48,827,032.07 are shown in the balance sheet of the Ford Motor Company for the year which ended September 30, 1914. Despite complaints of general business depression these figures are practically double the figures of last year. Cash on hand and in banks September 30, 1914, amounted to $27,441,468.79 against $13,225,710.82 at the same time last year. Buildings and fixtures total $10,714,928.45 compared with $4,615,156.82 last year.

The German cruisers Leipzig and Dresden steamed into Valparaiso Harbor yesterday, and at once started taking on supplies and provisions. These cruisers are part of the squadron that defeated the Brtish under Admiral Craddock off the Chilean coast last week. There were eight battleships, includng the flagship Konge, in the Japanese fleet recently seen off Easter Island in the Pacific, says a telegram from Valparaiso. They are believed to be close on the trail of Admiral Graf von Spee's German fleet.

After a tempestous all day session of the National American Woman Suffrage Association, at Nashvile, Tenn., the Congressional committee headed by Mrs. Medill McCormick, of Chicago, won two sweeping victories yesterday. The convention decided after a bitter debate, in which personalities were indulged in, first to continue the collection of information at Washington such as that on which the famous "blacklist" was based, and to support both the Susan B. Anthony amendment, better known as the Bristow-Mondell amendment to the Federal Constitution, and the Shafroth amendment drafted by Antoinette Funk, of Chicago, and urged by the Congressional Committee as an aid to the other.

Brigadier General Hugh L. Scott has been selected by President Wilson to be chief of staff of the United States Army upon the retirement next Monday of Major General Wotherspoon.

Rumors are in circulation in Berlin, according to a news agency dispatch from Copenhagen, that General Von Hindenburg and his entire staff, including some German princes, have been captured by the Russians.

A dispatch from Petrograd says: "A message received here from Buchrest states that there has been a revolt among the Constantinople and Adrianople garrisons. Five German officers were killed by the exploding of a bomb at the palace of Enver Bey, the Turkish war minister, and leader of the Young Turk party. Enver Bey was not injured. A letter found nearby said the bomb was intended for 'the man who sold Turkey to Germany.'"

The three children of Clement T. Robertson, of the Bureau of Mines, were killed instantly, and Mrs. Robertson narrowly escaped death yesterda when the carriage in which they were driving was struck by a Baltimore and Ohio express train going at fifty miles an hour. When the bodies reached the home of Mrs. Robertson in Cottage City, Md., near the scene of the accident, the mother retained her self possession and carried the limp forms of her babies into the house.

CZAR'S OFFENSIVE IS DEVELOPING

Russians Expect to Sweep Western Galicia Clear Of Enemy.

REPORTS ARE DENIED.

Germans Endeavoring to Take Offensive in Vicinity of Thorn—Fierce Fighting Continues.

Petrograd, Nov. 14—The Russian offensive in Galicia is now developing successfully along the lines first planned by the general staff, but which were halted by the combined Austrian and German defense.

With one force at Miechow, within twenty miles of Crawcow, and attacking the outer defenses, the advance from the north and east has progressed with Tarnow as the most western point reached. Tarnow is fifty miles from Cracow, but one the main railroad line leading direct to the city.

Jasio, thirty miles to the southeast of Tarnow, and Krobno, in the same section, have also been occupied.

This advance from Poland completed the surrounding of Przemysl on three sides and the Russians now expect to sweep western Galicia clear of the enemy.

The Russians deny German reports of the repulse of a cavalry division at Kalisz. It is declared here that General Von Hindenburg's army, west of Kalisz, has been defeated and driven beyond the Silesian frontier.

On the east Prussian frontier, the Germans are endeavoring to take the offensive in the vicinity of Thorn, Brisk fighting continues in the Mazurian lake region. It is declared that the Germans are developing considerable force along the Polish frontier evidently in the hope of forcing the Russians to slacken the pressure upon East Prussia.

He Was Engineer in Charge of Lighthouse District for Years.

His wife who died in a Baltimore hospital some years ago, was before her marriage, Miss Louise V. Test, of Indianapolis, a cousin of the late Persident Benjamin Harrison and of General Lew Wallace, the author of "Ben Hur."

SUBMARINES SUNK

German Fleet in Kiel Canal Becomes Active.

London, Nov. 14—A dispatch to the London Star states that it is believed the allies have destroyed two German submarines off Dover. One is reported to have sunk after an explosion of a mine by a mine sweeper and the other was said to have been shelled.

From Copenhagen comes the report that the German fleet in the Kiel canal is showing great activity. Warships of every type from the Dreadnought to the auxiliaries are reported to be preparing for action.

Paris, Nov 14—A French torpedo boat has rammed and sunk a German submarine off Westende, near Ostend, according to the Echo de Paris. That newspapers gives this description of the encounter:

"The German boat fired a torpedo at the French vessel, but missed. The latter then swung around and rammed the German, which sank. The French boat has arrived at Dunkirk slightly damaged."

LACK OF DISCIPLINE

Emperor William Said to Have Ordered Execution of 160 Officers

The Hague, Nov. 14—The grave lack of discipline which prevails in the German army operations in Belgium, especially among its officers, is strikingly illustrated in a message from the correspondent of Sluiz of the Amsterdam Telegraf. It was an instance of this lack of discipline which recently called the kaiser to Thielt, where there were 160 German officers who refused to obey orders to go to the front on the ground that they were being deceived by their generals.

When the kaiser, who was then with the headquarters staff in South Belgium, was informed of the incident he was extremely angry, andresolved to take the matter into his own hands Accordingly he automobiled to Thielt to re-establish order, and it is reported he ordered the 160 rebellious officers shot.

MEXICO MUST WORK OUT HER DESTINY

United States to Eliminate All Traces of American Domination.

SITUATION CLEARER

American Troops Believed to be Constant Source of Irritation—Hence to be Withdrawn.

Washington, Nov. 14—Positive that the Mexican people can work out their own destiny, the Administration is today rushing its preparations to eliminate all traces of American domination in Mexico. Despite the wild rumors of impending anarchy, the responsible heads of the United States believe the entire Mexican situation is materially improved.

It is considered certain that some sort of compromise agreement will yet be reached by the opposing leaders in the troublous republic to the south. And even though the worst come to the worst it is declared to be absolutely certain that one or , at least two battles, will decide which of the factions now essaying power is to control, pending the restoration of real constitution government.

It is because it is realized that the presence of American troops in Mexico is an ever present source of irritation that the American regulars have been ordered to leave Vera Cruz by November 23. Both factions have protested to the confidential representatives of the State Department that keeping the troops there and the many wild irresponsible rumors printed in the United States and sent back to Mexico as actual facts have complicated the situation. And because he believes that this is the exact truth Secretary of State Bryan has asked that the troops be brought home.

Before this action was taken the Secretary conferred with the representatives of the A. B. C. powers They agreed that the Mexicans have been coddled too much. Thrown on their own resources and forced to organize a stable government, it was believed the resultant crisis would develop the real Mexican leader and that out of the present chaos orderly government would come much sooner if the Mexicans realized that they were accomplishing the task themselves and not operating under outside foreign influences.

A MERCILESS JUDGE.

One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from an Alexandria resident has withstood this sternest of all tests.

Mrs. C. V. Gardner, 1211 Duke street, Alexandria, says: "I had not Doan's Kidney Pills and didn't really really know what was the matter, but I got real bad with weakness and lameness through my back. For a few days I couldn't do my housework. I had to lie down most of the time and it was the same when I went to bed at night I finally got a box of Doan's Kidney Pills at Leadbeater & Sons's drug store and they cured me. The cure they made some years ago has been permanent and I haven't needed anything for my kidneys since."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gardner had. Foster-Milburn Co., Props., Buffalo, N. Y.

FIRE BUG STILL AT WORK

Another Blaze Under Windmill Hill —Third in About Six Weeks In Same Locality.

About eleven o'clock last night a two-story frame house, unoccupied, under Windmill Hill, in the square bounded by Wilkes, Gibbon, Lee and Union streets, was found to be burning. In a few minutes the southeastern heavens were illuminated and many persons were on the scene. The fire department was soon at work, but the conflagration had assumed great headway before water could be directed upon the house, and it was practically dstroyed. The house had been occupied by colored people up to a few days ago.

This is the third fire in this square during the past few weeks. An ark, occupied by a colored man, it will be recalled, was destroyed by an incendiary fire, and a few nights later a house which had previously been the home of colored people was also destroyed by a pyromaniac.

There was an incendiary fire on Royal street extended early ysterday morning. This, too, was undoubtedly the work of an incendiary.

Recently the police have ascertained that attempts have been made to start blazes in the northeastern section of the city.

DISORDER IN A SCHOOL

Mother of Boy, Incensed at Teacher, Arrainged in Police Court This Morning.

A disturbance at the Washington street school for boys on Thursday during which a panel of the door of the seventh grade was kicked in by the irate mother of one of the pupils was aired in Police Court this morning. Principal M. N. Fisher swore out a warrant for the woman charging her with disorderly conduct and the destruction of school property. After hearing the evidence Justice Caton imposed a fine of $5.

According to Prinicipal Fisher's story, which was substantiated by a half dozen witnesses, the boy had been sent to his room on Wednesday evening by one of the teachers for fighting. The boy's mother also saw him on the same evening and he told her to send the boy back to school on Thursday and he would talk with him. When the boy came on the following morning he was impudent and made threats as to what would be done if he was punished. Mr. Fisher said that he shoved the boy back into a seat and in doing so the boy struck his head against the railing of the black board, raising a knot the size of a walnut. A few minutes later he sent him home and in a short time the mother appeared on the scene. She used abusive language to the principal and kicked a piece of paneling out of the door.

The boy's mother stated in her defense that she had invited the principal outside for a scrap and Justice Caton promptly imposed the fine.

NURSES EXTEND THANKS.

The nurses of Alexandria Hospital Training School wish to thank everybody who assisted in making their silver tea on Friday afternoon the great success that it was.

They had only five days in which to make and work out their plans, but with the help of their friends, it was a success beyond anything they had dreamed of.

The amount realized from the silver offering at the door and the sale of fancy work, candy, etc., will be over forty dollars, ($40.00). This will be forwarded to the Belgian sufferers through the Red Cross nurses.

AUCTION SALES.

Samuel H. Lunt, auctioneer, sold today for Howard W. Smith, trustee, in front of the market house in this city, a large tract of land in Lee District, Fairfax county, known as Ravensworth estate to F. R. Austin, for $3,867. The tract consists of 583 acres.

Mr. Lunt also sold at the same place house and lot, 611 south Alfred street, to George W. Robinson, for $345.

BODIES AS BRIDGES

Germans Struggle to Victory Over Carcastehr of Comrads.

On the Belgium Frontier, Nov. 14—Accounts of the German entry into Dimude, received through the German lines say the fighting was the most terrible yet experienced.

A corps commander ordered his troops to take the town and warned them not to return alive if they failed.

The earlier onslaughters are said to have resulted in the slaughter of 80 per cent of the attackers, who were unable to advance speedily across the flooded fiields.

Their bodies piling up in the water, formed a footing for infantry following, who thus were enabled to struggle for victory over the submerged carcasses of their comrades.

Reinforcements are being brought up in large numbers along the Thurout-Vlasloe road from Bruges to make good the advance.

BLEEDING BELGIUM.

The plight of Belgium is naturally appealing to people throughout the civilized world. Even untutored red men of North America are using their puny efforts with the mighty nations of the earth to put a stop to the wholesale slaughter and destruction of property now going on in Belgium and in the northern section of France. There have been prompt responses to the appeals of the sufferers, and Virginia is anxious to have a part in the relief measures now in progress. Grim winter has arrived, and while snow is falling and ice forming thousands of homeless ones are homeless, hungry and shivering.

While many gruesome stories have been heard since the invasion of Belgium, people who have visited the scenes of desolation say the half has never been told, but that conditions are far more dismal than has been described.

Jarvis E. Bell, of New York, who, on behalf of the American Commission for Relief in Belgium, assisted in the distribution of the first cargo of relief supplies sent to the Belgians, has given a description of conditions in the stricken country. Mr. Bell says:

"Nothing that has been written could exaggerate the misery of Belgium. We drove for miles through graveyards. Stakes, on some of which were soldiers' tattered coats and helmets, were the tombstones. Deserted fields are cemeteries. As we entered the villages women and children sought refuge in the ruins of roofless homes, terrified lest we were some fresh visitation of war Their faces were drawn and lined, and if you could only see the gruesome surroundings in which they were struggling for existence you would not wonder that they fail to smile.

"The Belgian peasant has in many districts no home in which to sleep, no seed to sow, no impliments with which to work, no transport to reach a market and finally, no heart to struggle against the inevitable. It is unbelievable that war ever produced such a complete and tragic paralysis as we saw in many parts of Belgium. It cannot be attributed to lack of courage on the part of the civilian population or to the inhumanity of the conqueror. It is simply war up to date—civilized Christian war."

CAUSE FOR THANKSGIVING.

Governor Stuart has issued a proclamation calling upon the people of the Old Dominion to observe the 26th instant as a day of thanksgiving and prayer for the manifold blessings continued upon the United States. This a yearly custom, originating with the Pilgrim fathers, and should appeal to all classes in the country at this time, when war is causing such desolation in Europe.

The population of the United States is composed of peoples of all climes, and they are of many theological creeds. The last Thursday in November does not conflict materially with the holy days of the calendar, and it is a time when all can vie in acknowledging the gifts of a munificent heaven without compromising anything else in our theological preferences.

The United States has always had much for which to be thankful, but there never was a time in our history when we should show more appreciation of our blessed condition than at present. The fact that we have, so far, escaped becoming entangled in the fearful clash of arms now horrifying the world, should surely cause all to gather in our respective places of worship and show our appreciation of the Creator who has steered us clear of such a mishap.

The wonderful growth of the United States during the past half century is something ofr which we feel an honest pride. The population has quadrupled within the memory of many now living, while national wealth shows great progress. There are at present one hundred million souls under the Stars and Stripes.

The expansion of the United States from its nucleus of thirteen colonies is one of the marvels of the last hundred years. Our forefathers never supposed the boundaries of the country would extend beyond the Mississippi river. Our headlands are now in the arctic, and the southern confines in the tropics, while we have placed stepping stones across the Pacific Ocean into the Orient, and cut a waterway through the great American continent.

While the American eagle in its pride of caste sometimes shrieks, the cooings of the dove of peace more often greet our ears. May it ever have its abode with us.

HIGH SCHOOL NOTES.

A. H. S. Sends Fredericksburg High Down to Defeat at Latter's Grounds.

In one of the best games of the season the Alexandria High School eleven yesterday defeated the Fredericksburg High football team at Fredericksburg by the score of 18 to 0. Long forward passes by both elevens featured the game. The High School team had a little the best of their opponents in weight, and their excellent training was very much in evidence also. The first two of their touchdowns were made in the first three minutes of play, and after that the local team failed to exert itself considerably. Fredericksburg gained a good deal of ground in the last half, but failed to score. In the last quarter the school shifted their line up quite a bit, Gus Pohl from fullback to tackle, and Wenzel, halfback, to fullback, substituting Keene at right half. Byrne was also substituted for Reardon at quarter.

The following was the High School's line up at the beginning of the game: Ends, Mitchell and Haynes. Tackles, Foss and Duncan; Guards, L. Pohl and W. Duncan; Center, Hayes; Quarterback, Reardon; Fullback, G. Pohl. Halfbacks, Wenzel and Schafer.

The regular semi-monthly meeting of the A. H. S. Literary Society was held last Saturday night. Probably the largest attendance in its history was present to hear one of the most interesting programs yet presented before the Society.

Thos. Wattles, vice pres. presided, the President being on the program. No business was transacted, and the entertaining program was quickly begun. Miss Caroline West declaimed "Douglas and his Men," while Ashby Bladen and Elwyn Brawner were excused because of lack of familiarity with their respective selections. The subject for debate was "Resolved, that the United States government should aid the cotton growers in the present cotton crisis." After a long and close argument, during which both sides established some very good points, the decision of the judges was awarded in favor of the affirmative. The judges were Bladen, Fawcett and Reardon.

Miss Ficklin, in her report as critic, spoke convincingly on the merits of the argument, and the Society adjourned.

There is a hot contest going on at the school for the prize recently offered by the Parent-Teacher Association to b awarded to the class which marches the best.

SCORE EUGENICS AS VULGAR

Bishop Kilgo Denounces Tendency Of Preachers To Modernism

Norfolk, Va., Nov. 14—Bishop John C.Kilgo ,who is presiding over the Virginia Methodist Conference, caused a sensation yesterday when he denounced eugenics in strong language "They are the vulgarest crowd I know of," said the Bishop, in his opening assault in "modern eugenics."

"What the preachers should do is to turn the minds of our people to the awfulness or sin and to its eternal consequences," he said "If you want to revise your theology, I advise you to begin at 'repentance., "

The Bishop said the Gospel was being temporalized and the Son of God reduced to an earthly leader. Some of the old hymns are even being left out of the hymn book and hymns that rather turn attention to the soup counter than to the Heavenly Kingdom has been inserted..

"If any of you preachers want to put on white aprons and become chefs in some ecclesiastical soup house you can do so, but my commission is from Heaven," he continued. "You are losing out of your ministry the sense of the eternal and trying to make too much of temporal achievements. We hear the vaporings of some little sociologist, and we are told that at sociological conventions we can get the final message to men, but I know that that is not so, because those conventions bring the scent of wine with them. I suspect any theology that has the delirium tremens when it comes in view."

RACES TO BE SEPARATED

Plans for Changing Waiting-Rooms Submitted to Corporation Commission.

Richmond, Nov. 14—The railroads maintaining passenger stations in Richmond will provide separate waiting-rooms for white and colored passengers. This was tacitly agreed upon this week, when a hearing was given the railroads by the State Corporation Commission. Counsel for the roads submitted blue prints showing that plans for segregation the passengers were already under way.

The title of the proceedings, which were instituted as a result of a resolution offered in the City Council by Edgar B. English, and adopted, directing City Attorney Pollard to apply to the Corporation Commission for an order compelling the railroads companies to instal separate waiting places at passenger stations, is Commonwealth of Virginia, at the relation of the City of Richmond, vs. the Richmond, Fredericksburg and Potomac Railroads Company and the Atlantic Coast Line.

MRS. MALL'S CASE

Counsel For Woman Endeavors to Secure Pardon for Her.

Richmond, Va., Nov. 14—R. Lindsay Gordon. leading counsel for Mrs. Elizabeth Hall, of Louisa county, convicted of the murder of her husband yesterday afternoon called at the Governor's office and left the record in the trial of the case with Secretary Forward. Later Mr. Gordon returned and called on Gevernor Stuart to ask that his client be pardoned outright. Mr. Gordon maintains that Mrs. Hall is absolutely innocent of the crime and holds that the verdict of the jury was a great mistake.

The Governor returned to the city about 5 o'clock and went at once to his office where Mr. Gordon met him. Mr. Gordon did not say a word as to where his client is or how she had received the news of the action of the Supreme Court of Appeals.

Three men were killed and one probably fatally injured early yesterday at Atwater, Ohio, in two accidents at the Pennsylvania Railroad crossing. Robert Wasson was in a wagon in which he was riding, and two hours later John A. Joiner and Edward Cobb were killed and R. R. Roeder was injured when a freight train collided with their automobile.

The United States troops will evacuate Vera Cruz on Monday, November 23. This announcement was made by Secretary of State Bryan at 11 'oclock last night. It came as a complete surprise to nearly everybody in Washington and was interpreted in only one way. The withdrawal of the American troops means that President Wilson has decided to let the Mexican factions stew in their own troubles and fight out their controversies among themselves. It means, too, that there was very real fear on the part of the administration that unless it embraced this opportunity to withdraw from Mexico the United States would be dragged into intervention on a general scale.

THANKSGIVING DAY

Richmond, Va., Nov. 14—Governor Stuart issued his Thanksgiving Proclamation naming Thursday, November 26, 1914, as the day for giving thanks for our blessings. The Proclamation follows:

For the abundant fruits of the earth; for notable educational, industrial and agricultural progress; for excellent and steadily improving public health; for social peace and tranquility; for a quickening public conscience for a growing sense of the responsibilities of citizenship; for an abiding sense of public honor; for the preservation inviolate of our inherited high standards of public conduct and service; for the peace, happiness and prosperity that pervade our land when most of the people of the civilized world are torn and distracted by war; for the privilege of farming a part of a great nation. whose standards and policies of government are modeled more and more. in accordance with Divine teaching; for the blessings we enjoy as a nation, a State and as individuals—for these and innumerious other benefits we should give praise to our Heavenly Father and make public acknowledgment as a people of our debt of gratitude for His benefiolence.

Now, therefore, I, H. C. Stuart, governor of the State of Virginia, do designate and appoint Thursday November 26, 1914, as Thanksgiving day, and do hereby request that all the people turn aside from their usual vocations on that day, and in their place of worship, about their firesides and in their minds and hearts render public and private worship to Almighty God for His mercies and benefaction and ask for His continued guidance in the years to come.

Given under my hand and under the lesser seal of the Commonwealth at the Capitol in Richmond, this the 12th of November, in the year of our Lord, one thousand nine hundred and fourteen, and of the Commonwealth the one hundred and thirty-ninth.

H. C. STUART, Governor

By the governor:
B. O. JAMES,
Secretary of the Commonwealth.

Don't Let a Cold Settle on Your Lungs

Many cases of Lung Trouble can be traced directly to a severe cold which has been neglected, and which, as a result, has affected the lungs. If you have a persistent cough or cold, take warning before it is too late. Eckman's Alterative is most beneficial in such cases and has been the means of completely restoring to health many persons who had serious lung trouble. Read of this case:—

Pleasantville, N. J.

"Gentlemen: During the winter of 1911 I contracted a severe cold, which settled on my lungs. The doctor pronounced it lung trouble. I tried nearly every preparation without any result and kept getting worse. Eckman's Alterative was recommended to me, and I commenced using it as a last resort. The first bottle seemed to give no relief; in fact, I seemed to feel worse, but I kept on using the medicine and found out the first bottle had really started me on the road to recovery by loosening the mucus and making me expectorate freely. After using the medicine for some time my cough ceased, I gained flesh and today I am a well man."

(Signed) GEO. M. BATES.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most effeacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists
